

I/[D] see you changed your number,  
that's why you don't get my calls  
I/[A] gave you all of me,  
now you don't wanna be involved  
O/[Bm]h, yeah, yeah  
I really gotta face it  
O/[G]h, yeah, yeah  
/[Em]I just wanna be the one  
But to [A]you we're already done  
Tell me, [D]why'd you have to hit and run me?  
Now I'm [Bm]all alone cryin' ugly  
Y/[Em]ou broke my heart just for fun  
Took my I/[A]ove and just left me numb  
Now it's [D]8:00 in the morning  
H/[Bm]ate in the morning (All because of you)

Pre-chorus

Another story that's sad and [Em]true?  
I can feel the pain, can [A]you?  
You had to be the one to  
/[D]let me down, to color me [Bm]blue  
Hate to see you with someone [Em]new  
I'll put a curse on her and [A]you  
Ain't no looking back  
now you're [D]dead and gone  
My love is gone [Bm]too
