

It's [C] over now we
lost our [Am] way in the dark
I don't [F] know, Where to
[G] go when you're [C] gone
Too [E] late to tell you
You're [Am] where I belong [G]
Still [F] trembling now
I'm [Dm] scared to move [G] on

The [C] tears I cried
No matter [Am] how hard I try
Can't change [F] that
All we [G] had
Is long [C] gone
Your [E] heart can see that
This [Am] love is enough
And [F] I'd give [G]
everything for one more [C] try.

You know I [F] wanna be
Your [G] destiny
So [Em] please just say [Am]hello
This love is [F] haunting me
And [G] I just need to [C] know
And all the [F] memories
Are [G] keeping me [Em] awake at [Am] night
I'm still not [F] over you
There's [G] nothing I could [C] do.
